Social Events:	<p>Opening ceremony on 1st day in the evening including show case game. Awards and closing ceremony on Sat/Sun afternoon. Both of them will be run together with two EUF delegates.</p> <p>Trading night and a farewell party should be considered. More social events are desirable. There will be some free time especially for the U17 teams that could be filled with social/cultural events. EUF like WFDF has a strict no-alcohol policy for all youth events (please refer to New Policy in effect restricting alcohol at WFDF Junior Events).</p> <p>Please shortly describe the plan for the social events.</p>
Media Visibility:	<p>The first goal for a tournament organization must be that the customers (=the players) get what they came for: good regular fields, smooth organization of the competition. Secondary EUF events can be used by local Ultimate associations to get a better visibility which should help getting sponsors and, on the middle term, new players. Please indicate if and how you plan to increase the tournament visibility and which budget you reserve for this. EUF will provide webspace under http://eyuc2015.ultimatefederation.eu and usage of the EUF online scoring system.</p>
Gifts/Trophies:	<p>Medals will be provided and paid by EUF. Spirit of the Game and Winner Trophies must be covered by the tournament budget or by sponsors. A tournament gift per player is not necessary and should be considered only if covered by a sponsor.</p>
Budget:	<p>Tournament costs to the individual player including travel costs will be a central criterion for bid selection. We want to enable all interested teams to attend and not to exclude anyone for cost reasons. As a reference consider that the previous EYUC had a "cost to player" of about 250€, including budget accommodation, food (breakfast and dinner), player's fee and share of the team fee. For the budget plan, please use the EUF template. We want to make clear that people, who work hard on these events, should receive some reasonable payment, nevertheless, being a youth competition, management costs should be kept to the minimum. The EUF committee wants to make sure that it is able to get very clear visibility of all the costs; that costs are reasonable, and that we help make sure players don't pay for things that they might prefer not to have if given the choice.</p>
Host Eligibility:	<p>All bids must include a description of the relationship of the bid committee with the National Federation (NF). If the bid committee is not directly affiliated with the NF, the final bid must include a letter of endorsement from the NF. The NF does not necessarily have to be involved with the planning of the event, but they must be aware of and support your intentions. No bid can be accepted without this documentation.</p>

We warmly suggest potential bidders to check the best practices described in the [WFDF Bid Guideline](#) and [WFDF Tournament Director's Manual](#).
