

EYUCamps 2020	
Requirements	Bids can be presented by national federations or affiliates with the support/approval of a national federation member of EUF.
<p>Introduction:</p>  	<p>This is the call for bids for the European Youth Ultimate Culture Camps (EYUCamps). The camp is mainly targeted for players between 13 and 18 years of age with at least one year of playing experience. Younger or older Junior players may be accepted in agreement with the regional Camp Organizing Committee and EUF.</p> <p>The main idea is to give any youth players, not only the elite, an uplifting international ultimate experience, which otherwise only national team players get.</p> <p>The EUF Youth Committee has started co-hosting regional "Youth Ultimate Culture Camps" for players to encourage grass roots development of young players throughout Europe in 2018. A number of national federations have expressed interest in hosting one of the camps in 2020.</p> <p>To encourage international participation, please recommend locations easily reachable for a number of countries; ideally in a border region and not in the middle of a big country.</p> <p>The number of participants may vary greatly, from 25 to 200 kids. This is up to the local organizers to define.</p> <p>Coaches typically come from the EUF "Train the Trainer" program, and a head coach will be provided.</p> <p>Please provide confirmation of support, participation and approval of your National Flying Disc Federation.</p> <p>Jan. 20th 2020: Declaration of interest by host or Federation Feb. 10th 2020: Bid complete, provisional budget Bid Assignment: March. 2020</p> <p>As this is a regional event, decisions can be taken more quickly and with less formalities than for EYUC. If you consider hosting, best to get in touch with EUF asap, then we may be able to announce your event in a short time span.</p>
Contact:	All mails to be send to board@ultimatefederation.eu
Proposed Length:	Depending on the region's needs. Guideline: 2 - 5 full days - arrival for dinner on evening of day one – End after Lunch on Final day.
Date:	Target Date is May to August 2020. Please explain the reason for any variations to this proposed date. Please note that the WJUC 2020 is on the 18th - 25th of July, 2020 and the Mixed EYUCup Strasbourg (France) as well as the Mixed EYUCup Riga (Latvia) is on August 7-9 2020.
Number of participants per Camp:	Please define the maximum number of participants that can attend based on the accommodation and food supply circumstances.
Venue:	Number of fields per participant should be determined based on the following guide: Camp: One field (100m x 70 m) per 60 Players. Please provide the size and location of the fields included in your bid. Please provide a plan in case of rain (e.g. additional fields available, turf fields, etc.). Having all pitches on 1 site is an asset, as is close by accommodation Please add a map of the venue (google maps preferred) and describe the grass quality.
Staff/Volunteers:	Please plan enough Staff and Volunteers to manage the Camp and assure the safety of the participants and the program. Because the circumstances may be different at each camp please explain how the different requirements will be handled and the required personnel. The EUF will be using some camps to complete the Level One "Train the Trainer" certification process. The EUF will try to provide a qualified Head Coach as well as several coaches to run the "Ultimate" part of the camp (alternative is "qualified trainer" from the host country). The "Ultimate" part of the camp will be 8 hours per day, divided in a morning and afternoon block. The remaining time should be planned and run by local personnel and will include "cultural" and other activities, such as sight seeing, fun stuff etc. The camp budget is to include accommodation and food for 2 EUF support personnel ("qualified trainers") and one support "trainer" (TTT participant) per 15 camp participants. Local personnel should have a solid background in working with youth, good English knowledge and intermediate speaking level in the national language where the camp will take place. There must be at least 1 reference person for medical issues (First-Aid Certificate is recommended).
Accommodation:	Budget is key! For such a short event, Camping / floor space is usually sufficient, and helps keeping the cost low. However, the local organizers may decide. Having the fields, accommodation and social activities in walking distance is an asset.
Food:	Full-Board (breakfast, lunch and dinner) must be provided for the participants. Drinking water must be available at each pitch. Please indicate where and how you plan to provide meals and the expected cost.
Reachability:	Indicate how the location can be reached (distance to airports, public transportation system,...). Having a Camp location, which minimizes the travelling costs for most participants is an asset. We are aiming for an international atmosphere at the camp, with participants and coaches of various countries. A camp location in a border region is preferred over a venue in the middle of a big country.
Social and cultural Events:	Please describe the plan for the social and cultural events. Different evening programs should be offered for all age groups together and for a certain age group separately. One night can be the social event of the tournament with all participants. Regardless of the legislation in the organizing countries, the EUF Ultimate Culture Camp will follow a strict non-alcohol policy.
Gifts:	A tournament gift per player is not necessary and should be considered only if covered by a sponsor.
Budget:	The tournament basics (food, accommodation and fee) should be as low as possible to allow all interested players in the region to participate. For the budget plan, please use the EUF template. https://www.ultimatefederation.eu/media/about-euf/EUF_Budget_Template_4.0.xls We want to make clear that people, who work hard on these events, should receive some reasonable payment, nevertheless management costs should be kept to a minimum and outlined in the budget The Tournament Merchandising can be provided by a EUF Partner. Profits will be used to help finance the Camps. Potential sponsoring deals made by the Camp Organizing Committee (COC) must be agreed with EUF. The EUF committee wants to make sure, that it is able to get very clear visibility of all the costs, that costs are reasonable, and that we help make sure players don't pay for things that they might prefer not to have if given the choice.
