

Hello!

I am running for the position of Secretary of the EUF. I have been involved in the running of Ultimate clubs for many years, having started playing in 1998. I was a member of the EFDF and spearheaded an effort to create the EUF with the purpose of focusing on the sport of Ultimate in Europe. It has been great to see that effort take off, with new enthusiastic people volunteering their time. I am interested in continuing to take part in the organization, with a particular focus on the development side of the board as well as of the sport. Thanks for reading!

Best wishes,
Alia
