Dear readers

I have been playing Ultimate competitively with Freespeed Basel over 10 years, starting playing Ultimate in 2002. I'm interested in contributing to the ultimate community of Europe and the development of the sport. I'd like to be part of the board as a still active player with a connection to other competitive teams all over Europe, to represent their interests. Also I'm involved in the development of youth ultimate, where I could be helping out.

Experience:

I have been playerscoach for Freespeed from 2012-2016. I went playing in the USAU at the highest level with GOAT Toronto in 2013. I coached the Swiss U23 in 2013 and the Swiss Open team 2015.

I'm involved in the juniors ultimate development of Freespeed and closely connected to my brother who established juniors Ultimate in Switzerland. Also I have a close connection to the SUA (Swiss Ultimate Association).

National teams potentially continuously take away spots for club teams on big tournaments like WW or TT, which will hinder them in their development. In favour of club teams, I am interested in a reasonable separation (or handling) of club- and national teams. Therefore I helped initiating the Confederations Cup 2016 Frankfurt, a tournament specifically organized for national teams.
