

I'm really motivated to recandidiate to the position of president of the EUF.

I find the (lots of) work with the EUF Board as extremely fulfilling and it fills me with joy to see how fast Ultimate in Europe is getting better, more popular, younger and better organized.

I'm still actively playing at elite level. I've never played with observers or advisors and that's not on the top of my list of things I'd like to do in my life 😊

I think that strategically it's important to help developing the south-eastern Europe, offering clinics for young players and coaches, teaching them how to get organized.

On the middle term all European Nations should be able to send teams to the European Youth Ultimate Championship and we as community should find ways to make it happen in the next 2-4 years.
